

Gina Henson

Chief Financial Officer

A founding member of the W. L. Butler Leadership Team, Gina Henson manages the company's finances, information technology, human resources and philanthropic ventures. A native Californian with a true desire to learn and grow, she's a critical part of the Company's success story — always pushing herself and those around her to think and plan ahead.

In 1985 Gina joined the company as a part-time file clerk. Armed with a strong belief in continuous learning and education, she worked her way up, taking on added responsibility and projects whenever possible. While working full-time, Gina earned a Bachelors of Science in Business Administration and did her graduate program in Systems Management from the College of Notre Dame. She is a graduate of FMI's management course and has been a past member of Vistage. She also followed her passion for real estate, becoming a licensed real estate broker.

Gina has contributed to the growth of W. L. Butler from a small, family-owned company to a thriving commercial construction firm with offices throughout California. Her personal achievements have mirrored our firm's success. Those who work with her would say that's no accident.
