### Related Information

**AREAS OF EXPERTISE:**

- Non-Profits
- Health & Fitness

**OFFICE:**

- Redwood City

*“Given the age of our facility (55 years) we weren’t absolutely sure of what we’d find when we demolished the existing pool deck. We knew that we needed to partner with an experienced general contractor who could assist in developing creative and high-quality solutions; and as a non-profit, would be sensitive to schedule and cost. We didn’t want to be unavailable to our members during the months when we experience the greatest use. Your team more than fit the bill in every respect.”*
