

PROJECT SUMMARY

Interior improvements to a 14,939 square foot warm shell with restrooms, fire sprinklers, and fire alarm. Air, power, and water were provided to the core so distribution had to be built out. The new office features 20+ private offices and numerous bars, banquettes, and breakout flex workspaces. All private offices have at least one glazed wall allowing the space to feel open and light. Scope included an innovation room with a 25' folding/stacking glass wall connecting open office space to the main conference room. MEPF trades were all design build.

GREEN NOTES

Project will seek LEED WELL compliance.

Sares Regis HQ

INDUSTRY: REAL ESTATE DEVELOPMENT

TI to the second floor of a warm shell located on El Camino Real.
