

PROJECT SUMMARY

The 35 Arts and Crafts Era style architecture condos are situated on 1.06 acres with seven different floorplans featuring state-of-the-art kitchens, private master suites, private decks and patios. Quality craftsmanship and superior design are reflected throughout this former site of the Linus Pauling Scientific Institute (a rainbow-colored, ceramic tile mural on the soundwall is dedicated to this Nobel Prize winning laureate). The secured building has a gated entrance and central courtyard.
